Assistance Report

As our world has returned back to normal, youth sports are back in full swing! The COVID pandemic affected everyone in some way and so many kids need the activity, interactions, and positive role models associated with recreational sports more now than ever before. We are also seeing an increase in the number of applications we are receiving. This year, we have already assisted over 975 children right here in Northwest Arkansas.

Thanks to our new Best Life Program, we have been able to provide assistance to multiple special needs athletes as well!

Through our partnership with the NWA Naturals we are able to offer our assistance families tickets to Naturals games for the 2023 season as part of our Pagnozzi Parker All-Star Program. Occasionally we are able to offer Razorback event tickets to them as well. Next time you have Razorback sporting event tickets that you can't use, please consider donating to our All-Star program and give one of our assistance families an opportunity to attend a game. Please check out our website for more information about this program.
